Re: 2010 Pro Bono Service Award

Dear Mr. Friedman:

On behalf of the Texas Access to Justice Commission, I am pleased to inform you that the Litigation Section of the State Bar of Texas has been selected as a recipient of the 2010 Pro Bono Service Award, recognizing its excellent contributions toward increasing access to justice in Texas. The Commission recognizes your commitment to the provision of legal services to the poor as truly exceptional.

The Litigation Section will be recognized at the awards luncheon during the Local Bar Leaders Conference at the Westin Galleria in Houston on July 24, 2010. We invite a designee from your organization to join us at the luncheon to be recognized. Your designee is also invited to attend the "ATJ Track" of the Conference, which will include an overview of civil legal aid and information about how attorneys can increase their involvement in the effort to expand legal services to poor and low-income Texans through their local bar associations.

If you have any questions regarding the awards presentation, or if we can be of any assistance, please contact Brian McGiverin at brian.mcgiverin@texasbar.com.

Congratulations on this recognition. We appreciate all that you do to increase access to justice in Texas.

Best regards,

Elma E. Garcia
Executive Director
